

*Measuring progress, true wealth & wellbeing of Nations*

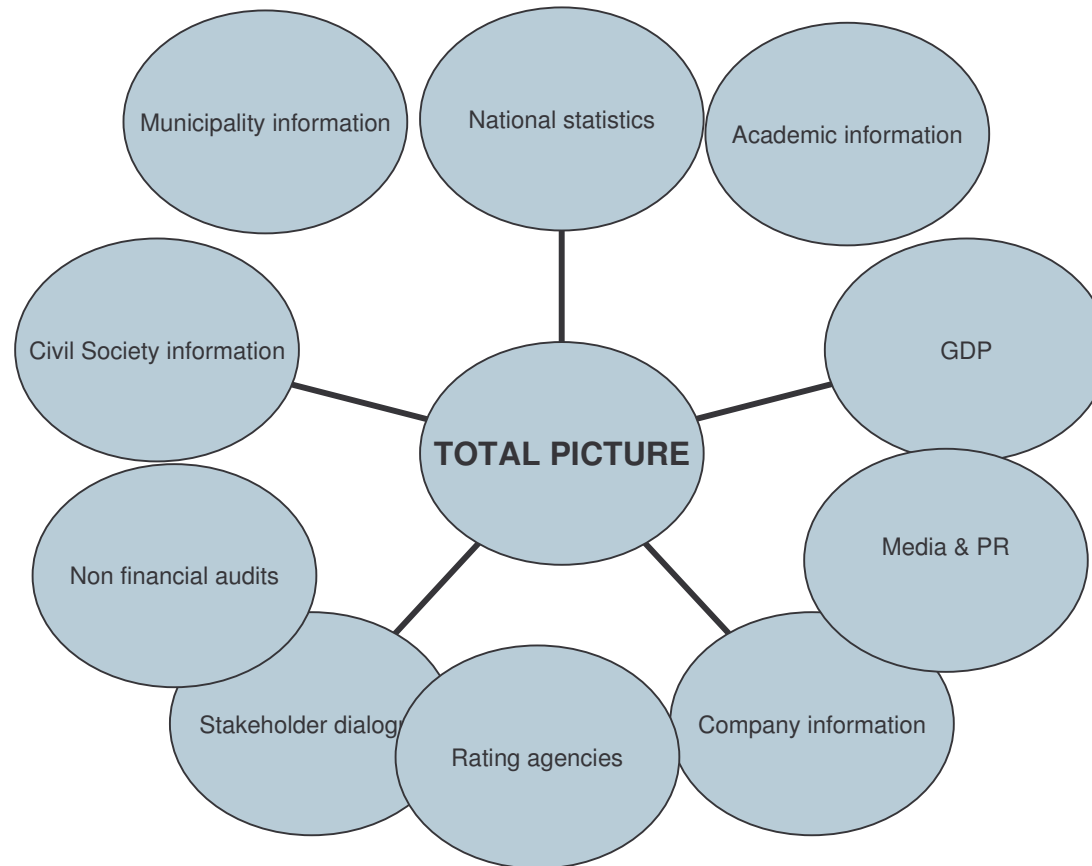

## Measuring by reporting

Teresa Fogelberg  
Deputy Chief Executive  
Global Reporting Initiative

# key issues we need to know

- Environmental footprint
- Water use & availability
- Energy use
- CO2 and GHG emissions
- Waste
- Biodiversity: habitat
- Income generation
- Equal pay
- Diversity and equal opportunity
- Child labor
- Impact on local economy
- Innovations?

# Reporting is key to get total picture

# Sustainability reporting

**Environmental**

**Economic**

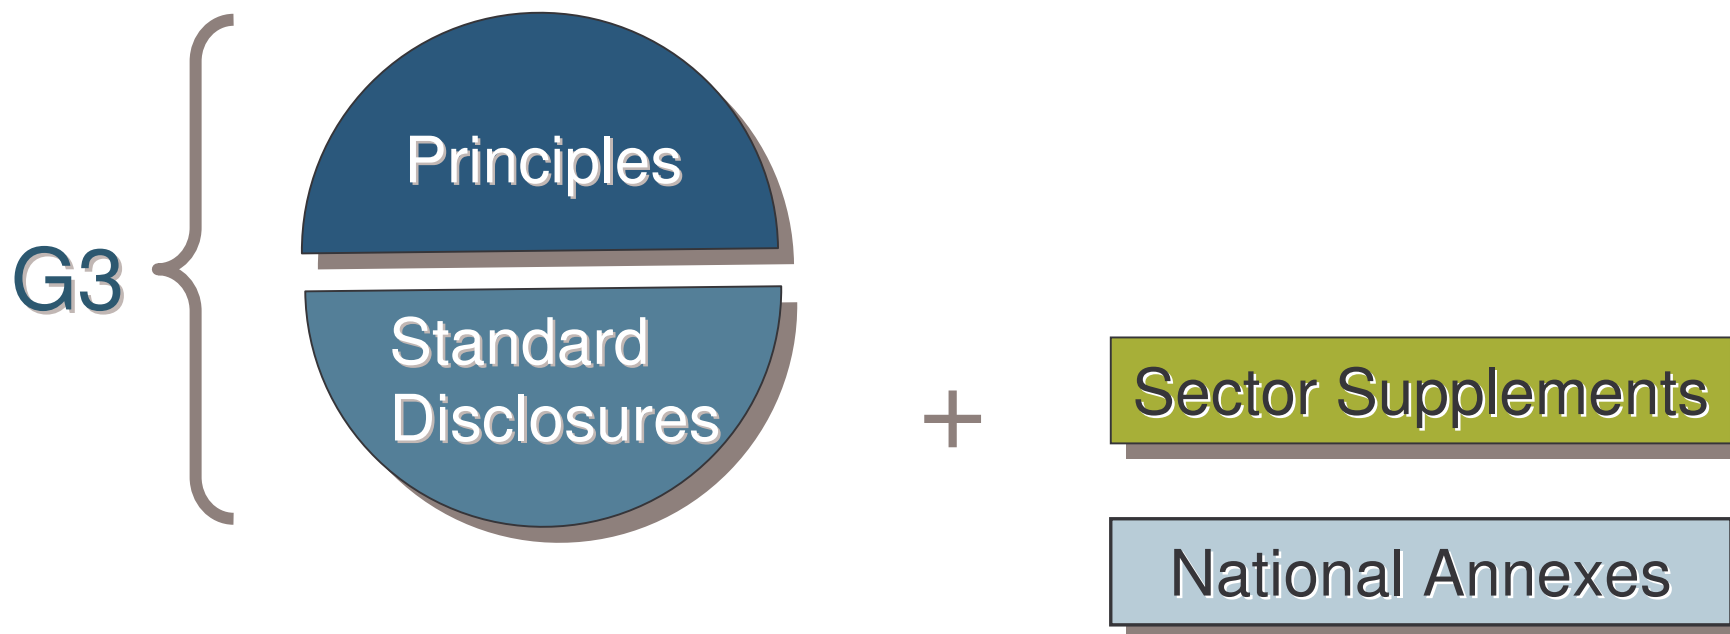

**Social**

# GRI: Network Organization

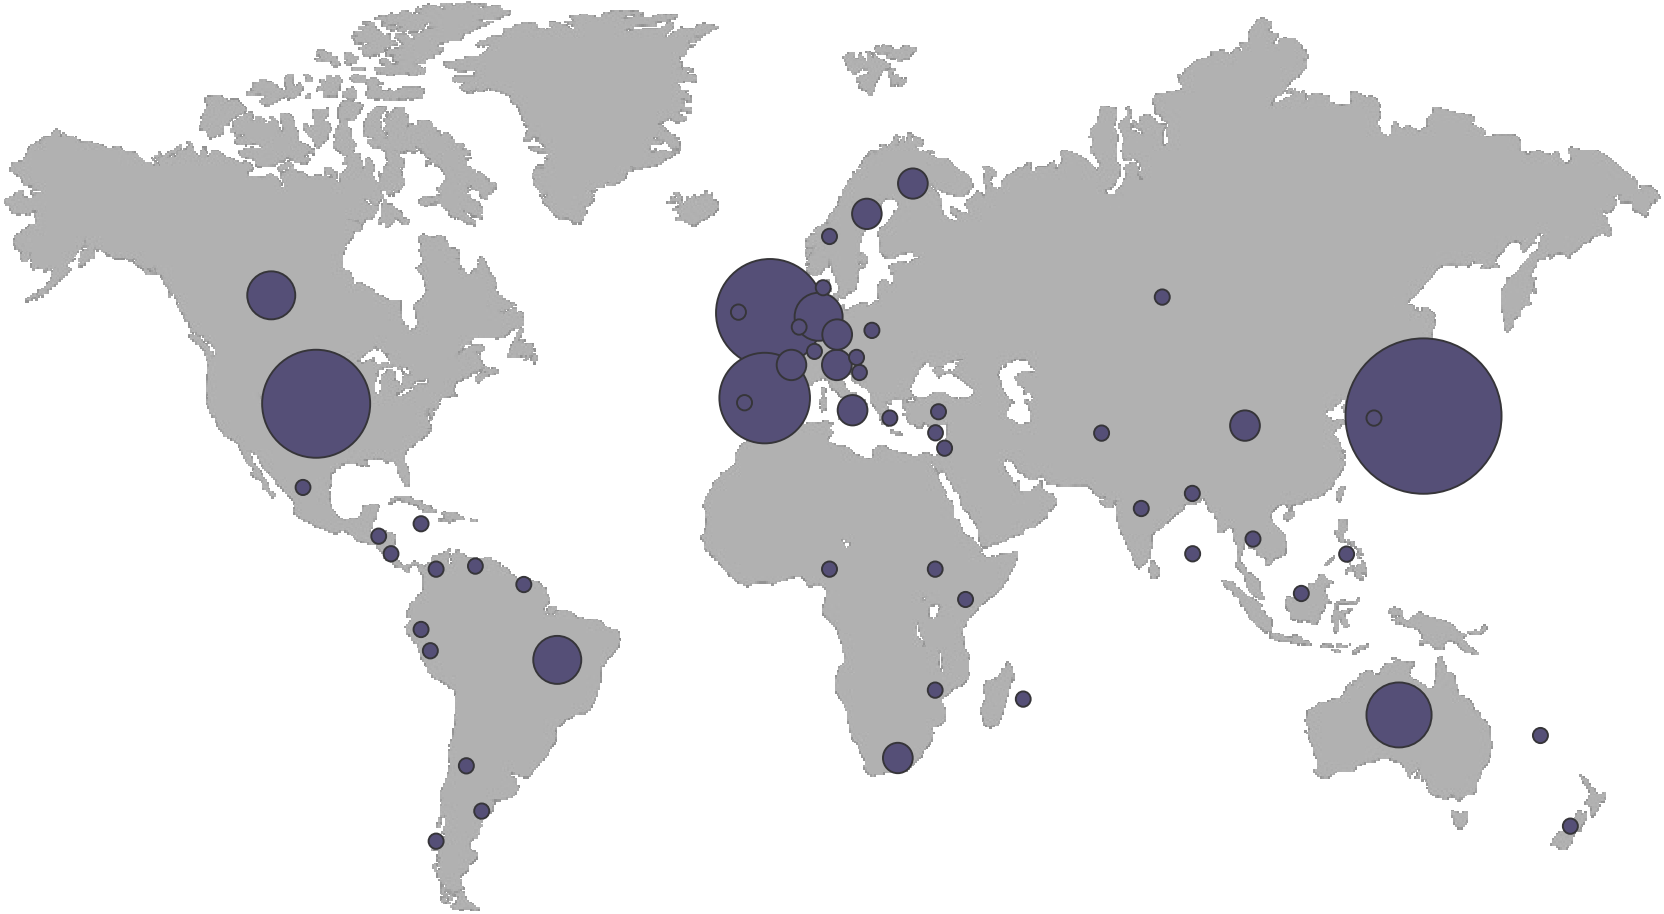

# The Reporting Framework

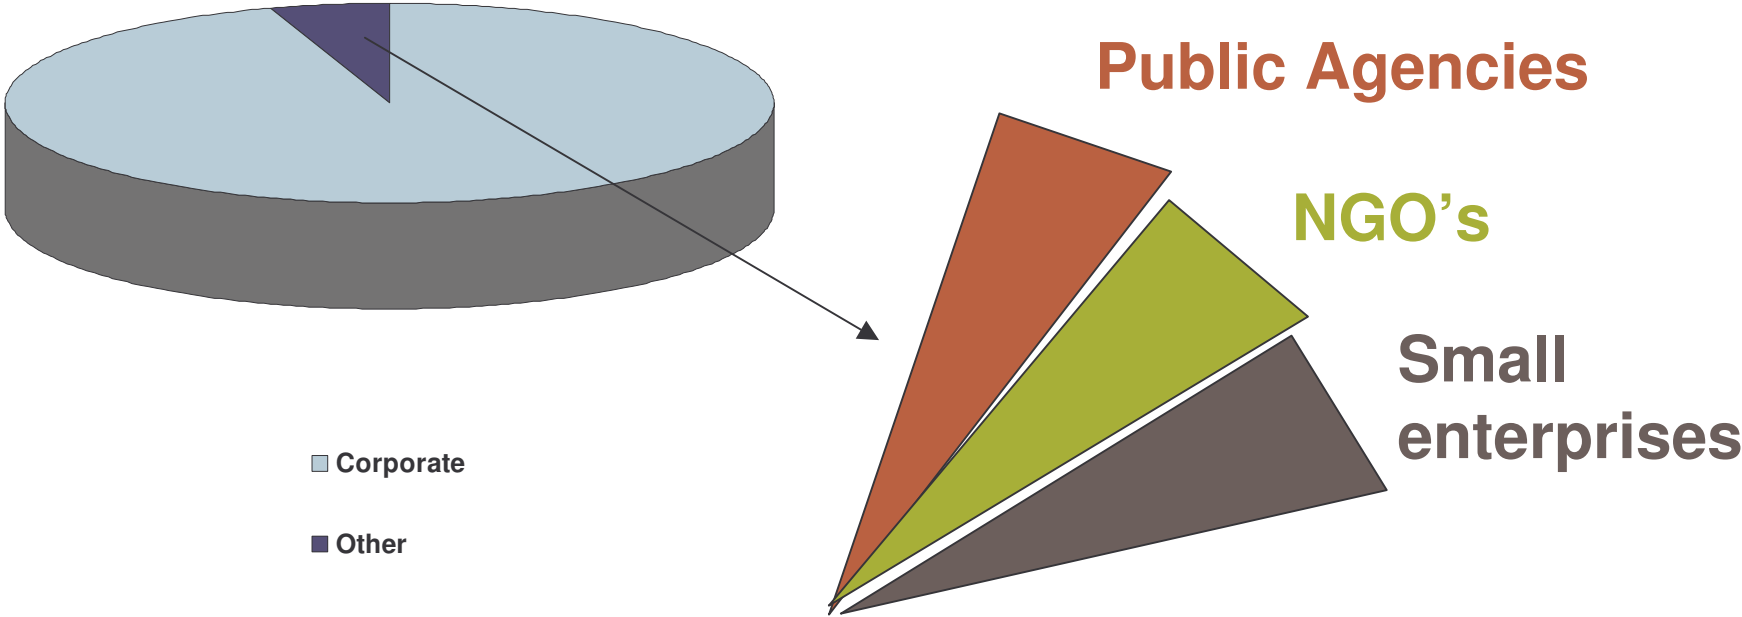

# Performance Indicators

# Globally > 1000 organisations report

# Majority large impact multinational enterprises

# You can take this further

# GRI Readers' Choice Awards & Survey

Shape the future of sustainability reporting -  
**voice your opinion today.**

**The GRI Readers' Choice Awards**

There is no judge, and no jury.  
You decide which sustainability reports deserve recognition.

If you are interested in the economic, environmental and social performance information of organizations – visit [awards.globalreporting.org](http://awards.globalreporting.org) and participate in the GRI Readers' Choice Awards before 31 December 2007.

Check <http://awards.globalreporting.org> for everything you need to know.  
Website available in English, French, Japanese, Portuguese, and Spanish.  
Eight report scorers will be selected for all expenses paid trips to attend The Amsterdam Global Conference on Sustainability and Transparency from 7 - 9 May 2008 and hand out the GRI Readers' Choice Awards.

Score reports from 1 October – 31 December 2007.

**Don't miss your chance to change the future of sustainability reporting.**

GRI is a Collaborating Centre of the United Nations Environment Programme
